

LEGACY™ FAST CHARGE

Battery

**When you plan the right strategy,
the expectant results are bound to follow.**

Taking the proven Douglas High Performance Battery to new levels, where situations demand higher current when charging the battery to meet the needs of a short term rigorous demand application.

The **Legacy Fast Charge Battery** has been manufactured to complement a 22-25 amps per 100AH start rate charger.

- Improved thick straps made with a special tin alloy
- Douglas patented High Performance positive plates
- Double Intercell connectors
- Standard Douglas ToughCoat® tray
- Optional Single Point Watering System Recommended
