

# LEGACY™ RAPID CHARGE

Battery

**When you plan the right strategy,  
the expectant results are bound to follow.**

Taking the proven Douglas High Performance Battery to new levels, where situations demand the highest current when charging the battery to meet the needs of a short term maximum demand application.

The **Legacy Rapid Charge Battery** has been manufactured to complement a 40-60 amps per 100AH start rate charger.

- Improved thick straps made with a special tin alloy
- Douglas patented High Performance positive plates
- Double Intercell connectors
- Double Cable & Charge Connectors
- Standard Douglas ToughCoat® tray
- Optional Single Point Watering System Highly Recommended
- Vented or Standard Tray, depending upon the application
